

# GROWING THROUGH GIVING

## Annual Report 2017-2018

# WELCOME

Dear Friends of Arroyo Grande Community Hospital Foundation,

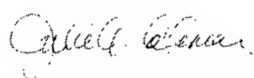

We are excited to share with you some of the great work being done at our Arroyo Grande Community Hospital. It is the contributions and the generous support of our community that make the difference. Our hospital continues to thrive and grow in services for our family, friends, and neighbors.

Thanks to generous philanthropic support, countless hours of volunteer work, and the excellent care provided daily by physicians, nurses, and health care employees, we have seen incredible development at our hospital in recent years. This year, we will see further advancement as a result of the Legacy Campaign; strides to make critical updates in several areas of our community hospital, which you will learn more about in our Arroyo Grande Community Hospital Foundation Annual Report.

Our Annual Report highlights the ongoing advancements made at the hospital as we work to provide our family, friends, and neighbors with the absolute best in healthcare. It also reflects the desired changes and enhancements being made to continue the great work that happens on a daily basis at Arroyo Grande Community Hospital.

We extend our sincere gratitude to all those who have dedicated their time, talents, and resources to our community hospital. We appreciate your support and friendship, and we invite you to join us in celebrating the wonderful developments and accomplishments we have already made.

In Gratitude,

Julie Coleman  
Foundation Board Chair

Jeff Zambo  
Foundation Board Vice Chair

Arroyo Grande Community Hospital Foundation Board Executive Committee  
Kim Goodwin, Kathy Tompkins, Jeff Zambo, Julie Coleman, Tom Cook

Arroyo Grande Community Hospital Foundation supports the charitable and community health care mission of Arroyo Grande Community Hospital through fundraising and relationship building. The Foundation solicits philanthropic gifts, provides stewardship of these gifts, and grants funds to the hospital to advance the health of the community. Members of the Arroyo Grande Community Hospital Foundation Board of Directors oversee these activities by being ambassadors for the Foundation, serving on Foundation committees, and providing invaluable insight and expertise. The Foundation extends sincere gratitude to its board members as they dedicate their time and resources each month to fulfill the mission of the Foundation.

# THE LEGACY CAMPAIGN

**A**rroyo Grande Community Hospital is a true community hospital, providing high-quality, compassionate medical care to residents and visitors of South San Luis Obispo County. To keep pace with advancements in medicine and growth in the region, the hospital has embarked on an exciting \$17 million improvement project to increase Emergency Department capacity, enhance Acute Rehabilitation Center services, advance imaging technology, and expand cancer care services. Arroyo Grande Community Hospital Foundation launched the Legacy Campaign in 2015 to help make these critical transformations a reality, and has so far raised \$5.2 million of its \$6.5 million fundraising goal with community support.

**The updates that will be funded by the Legacy Campaign include:**

## **Emergency Department**

- Nine new patient rooms will be added, doubling the existing patient capacity
- All rooms will be private and centered around patient comfort and specific clinical needs
- Enhanced triage and fast track design to accelerate diagnosis and treatment

## **Acute Rehabilitation Center**

- Enhanced facilities and dedicated space allowing for additional therapies and technology such as the Exoskeleton, a therapeutic wearable robot
- The extension of alternative therapy such as recreational therapy and the advancement of patient and family support groups

## **Advanced Imaging Technology**

- Convenient access to comprehensive diagnostic services
- Outpatient diagnostic center will provide a full range of services and technology including a CT scanner, X-ray machine, and ultrasound on the hospital campus
- A new MRI scanner will provide expanded clinical diagnostic capabilities and increased comfort for patients

## **Expanded Cancer Care Services**

- Expanded cancer care treatment and infusion services will be offered in a larger space completely dedicated to cancer treatment, recovery and education on the hospital campus
- Oncologists and an enhanced cancer care team will include a nurse navigator, dietician, social worker and pharmacist
- The new site will offer a resource center including a cancer rehabilitation program and an appearance and image center, providing all of the comforts of an outpatient center with the support of the hospital nearby

# GROUNDBREAKING

Ken Dalebout, Dr. Juan Reynoso, Kath Tompkins, Montisa Phelan Lopez, Kerin Mase, Julie Coleman, Rebecca Alarcio, Villa Infanto, and Teri Reeder

The kickoff of Emergency Department construction was celebrated with a Groundbreaking Ceremony on November 6th, 2017 with hospital and foundation leadership, staff, and community supporters in attendance.

The Emergency Department will soon be doubled in size as a result of the Legacy Campaign, Arroyo Grande Community Hospital Foundation's fundraising effort to expand and improve critical areas of the hospital including the Emergency Department, Acute Rehabilitation Center, imaging services, and cancer services. These improvements will be the result of

years of planning, fundraising, and development. The expansions, renovations, and equipment purchases supported by the Legacy Campaign will meet community and patient needs for decades. The Foundation launched the Legacy Campaign in 2015, and has since raised \$5.2 million of its \$6.5 million goal with support from philanthropic community members, local businesses, and hospital employees and volunteers.

*Our Promise for the Future*

## THE LEGACY CAMPAIGN

is a communitywide effort that requires the generosity of grateful patients, community and business leaders, and area residents to come together in support of quality and compassionate health care to make these lifesaving improvements a reality.

# EMERGENCY DEPARTMENT

Ashlea and Michael Boyer

In an emergency, every second counts. At the Arroyo Grande Community Hospital Emergency Department, over 85 percent of patients are seen by a Board certified physician in less than 30 minutes – far below the national average of 45 minutes.

Michael Boyer, a member of the Arroyo Grande Community Hospital Foundation Board of Directors,

has experienced first-hand the prompt and skillful care offered at the Emergency Department. On the eve of his birthday, Michael stood up to get ready for bed after a relaxing evening on the couch. As he stood, he felt the stitches from a recent surgery begin to separate. His surgery had gone well, and he had no reason for concern throughout the two weeks he had spent recovering up to this point. However, he was surprised by the unusually heavy amount of blood that began oozing out of the separated stitches. Once he and his wife realized that they could not stop the bleeding, and fearing for Michael's safety, they got into their car and headed to Arroyo Grande Community Hospital as fast as possible – before he even had a chance to get dressed.

When they arrived at the hospital, Michael was feeling anxious for his health and extremely vulnerable about his current state. However, he was soon put at ease by the calm, professional demeanors of the Emergency Department staff as they quickly did all they could to improve the situation. Michael said, “They made sure that I understood that everything was going to be alright. They saw that I was in a very compromised and uncomfortable position, and they wanted to make sure that I was as comfortable as possible.”

Although he was in a distressing situation, Michael reflects on that night with gratitude as he remembers the kind, highly-skilled care provided by the staff. His nurse, Rebecca Cramer, was a shining example of this as she went above and beyond in providing privacy, comforting words, and pain-free, efficient care. An IV was inserted in his thumb without pain while his original surgeon rushed to the hospital to diagnose

the problem, which was discovered to be a draining hematoma.

The team was able to quickly address the issue, and Michael was filled with appreciation for the way he was treated throughout such a traumatic experience. “I came into the Emergency Department with an uncontrollable bleeding scenario, without any clothes on, and they quickly made me feel very comfortable. It went from being a very difficult experience all the way to being a very comforting experience.”

“I had such an amazing experience due to the staff - it's not just about the facility.”

Unfortunately, it wasn't long before Michael found himself back in the hospital. A mere four days later, he was involved in a major car accident. He was admitted once again to Arroyo Grande Community Hospital, where he received stitches above his right eye and was tested for a concussion. Thankfully, he was okay, and he was once again impressed by the high quality of care provided by the hospital staff.

Michael has since recovered from both of these incidents and is doing well, and now only visits the hospital for his duties as a Foundation board member. However, he noted the lasting emotional toll that these situations take in addition to the immediate distress and physical pain. “I am fully recovered now, but going through those kinds of situations really makes

you think,” he said. Every emergency is unexpected, which makes it so important to have an exceptional Emergency Department close to home, ready to provide lifesaving care at all times.

“Through these two experiences, as well as being a member of the Foundation Board, it has really brought to light how well our Emergency Department handles things. As a board member, I’m familiar with all of the enhancements that will soon be made in the department. However, I had such an amazing experience due to the staff – it’s not just about the facility. I would definitely recommend the Arroyo Grande Community Hospital Emergency Department to my friends and family.”

## The Community Partners Million \$ Challenge

Community leaders Gary Grossman, Andy Mangano, Noreen Martin and Nick Tompkins have joined together to match every dollar donated to Arroyo Grande Community Hospital Foundation's Legacy Campaign up to one million dollars! This means that every gift you make will have double its effect until the \$1,000,000 challenge is met.

When you make a contribution, you are investing in so much more than a hospital – you’re investing in our community. Your donations will help Arroyo Grande Community Hospital continue to keep pace with the latest advancements in medicine and the evolving needs of our community.

We’re grateful for their support and yours. To learn more about how you can participate in the Community Partners Million \$ Challenge, visit our website at [SupportArroyoGrande.org](http://SupportArroyoGrande.org) or call (805) 994-5421.

# ACUTE REHABILITATION CENTER

The services offered at the Acute Rehabilitation Center are a great example of the high-quality, unique and specialized medical care available at Arroyo Grande Community Hospital. The Acute Rehabilitation Center is the only one of its kind within a 100-mile radius. The center offers dedicated services to patients who have suffered a traumatic illness or injury like a stroke, brain or spinal cord injury, orthopedic dysfunction or complex surgery. The patients undergo intensive boot camp-style rehabilitation to make significant improvements in a shortened amount of time.

“The therapy center has been immeasurable to me in my recovery.”

Many of the patients that are admitted to Arroyo Grande's Acute Rehabilitation Center have lost the ability to walk, speak, feed or dress themselves, and their goal is to gain these essential abilities back. Patients receive at least three hours of therapy per day, five days per week, and stay at the facility for an average of 10 to 12 days. Impressively, over 80 percent of patients are able to return directly home for continued outpatient rehabilitation. The long-term benefit of independence has a direct positive impact on many aspects of physical and emotional health.

Clarence Cabreros, a young local father of a six year-old girl, suffered a stroke that had the potential to change

his life forever. After receiving the immediate care he needed, he was admitted to the Acute Rehabilitation Center to work on regaining the everyday abilities necessary to work and care for his family.

In the three weeks he spent at the Acute Rehabilitation Center, Clarence received a combination of physical, occupational, and speech therapies. “The therapy center has been immeasurable to me in my recovery,” he said. “They helped me learn how to put on my clothes and bathe myself, so that I could be independent, which was a big help to my wife.”

While the accelerated work that goes on at the Acute Rehabilitation Center is physically and mentally demanding, Clarence enjoyed the comfort of seeing his family daily throughout his stay. “The Acute Rehabilitation Center being close by was a tremendous help. My wife and daughter were able to have dinner with me every day.” This gave him the motivation he needed to get through the strenuous hours of rehabilitative therapy.

During his family's visits, they were also able to learn important care techniques to implement when Clarence returned home. “The staff did a great job of teaching my family some things that we still do today,” he said. Now that Clarence is back at home, these family care techniques have helped him through his continued recovery.

Many patients at the Acute Rehabilitation Center have had experiences similar to that of Clarence. The Acute Rehabilitation Center was opened in 2011 with 14

beds, and was filled to capacity within three months. To meet the obvious community need, six beds were added in 2013, but the corresponding support and therapy spaces were not expanded. With a larger gymnasium and additional therapy rooms that will soon be added as a result of the Legacy Campaign, the Acute Rehabilitation Center will have the ability to increase the range and scope of therapies and technology, greatly enhancing the rehabilitative process for the many community members in need of its services.

Clarence and Julia Cabreros with their daughter

# ADVANCED IMAGING TECHNOLOGY

**D**iagnostic imaging services are under increasing demand from all areas of our hospital. The Emergency Department relies on imaging technology to quickly diagnose patients in emergent situations. With other inpatient hospital departments often filled to capacity and a high volume of patients requiring the use of imaging services, it is critical for the hospital to upgrade and expand its current imaging program to accommodate both inpatient and outpatient needs.

To meet these needs, Arroyo Grande Community Hospital will increase its range and scope of imaging services with new technology at the new Matthew Will Memorial Medical Center adjacent to the hospital campus; which will also house cancer care services. New imaging technology at the Matthew Will Memorial Medical Center will include a CT scanner, Ultrasound, and an X-ray machine, providing a comprehensive imaging program for the community that will make it possible for patients to receive a full range of diagnostic services in one place when they need it.

in the same building as the cancer care services and physician offices will really make it easier on the patients and their families, and it will be such a better experience for them.”

In the future, the hospital will also upgrade its MRI technology with a newer machine and bring it into a permanent building. Dr. William Ashley, radiologist at Arroyo Grande Community Hospital, explained, “MRI is a critical technology for many of the neuromuscular, stroke, and orthopedic services that have become key services at our hospital.”

## New imaging technology at the Matthew Will Memorial Medical Center will provide a comprehensive imaging program for the community

“The equipment is really essential to better serve the community because we will be able to take care of all of their needs locally,” said Kurt Ramey, Director of Radiology at Arroyo Grande Community Hospital. “It’ll be more of a one-stop shop so patients can get all of their treatment in one place. Having the imaging services

These advancements, made possible by the Legacy Campaign, will ensure that the Central Coast community has the latest imaging technology as well as the convenience of outpatient scheduling and accommodations.

# EXPANDED CANCER CARE SERVICES

Katherine Guthrie, Bill Racine and Daniell Miller

After having some seemingly nonthreatening symptoms like bloating, cramping, and feeling full, 44 year-old Daniell Miller went to her primary care physician and was scanned and tested for what seemed to be a bowel obstruction. When the results came in, however, her doctor had to break the news that would change her life. She had ovarian cancer.

“After I was diagnosed with cancer, everything moved so quickly,” said Daniell. “The nurse navigator was great – she walked me through the steps of how to tell the whole family that I had been diagnosed with cancer, which made it so much easier to handle. The nurse navigator is amazing; my oncologist, Dr. Lutman is amazing. I knew I was in good hands. I don’t know what I would do without all of the people who have helped me through this difficult time,” said Daniell.

One special person has been there for Daniell since the very beginning. She refers to Katherine Guthrie, Director of Oncology, as her “guardian angel.” Katherine has gone above and beyond to ensure Daniell feels supported

and loved through her experience, as she does for all of her patients. “When I was in the ICU, one morning I woke up to Katherine holding my hand. My family was at church and couldn’t be there with me, and she didn’t want me to be alone. She is filled with so much compassion and love, and I have a friend for life in her,” said Daniell.

As the Director of Oncology for the Central Coast Service Area within Dignity Health, Katherine serves as a vital link between local cancer patients and care providers. With over three decades of experience in cancer care, Katherine is a knowledgeable advocate for cancer patients as she trains her team, organizes, and develops the cancer care program on the Central Coast. She shares this dedication with an excellent team of care providers, who are working to expand cancer care services on the Central Coast.

“I have a true commitment and am passionate about quality cancer care. Everyone you know has been touched by cancer, as I have been several times, so my work in our community is heartfelt,” said Katherine. “I try to make cancer patients and their loved ones feel safe and loved, and I work on this every day of the week with my team, patients, and myself.”

Bill and Louise Racine, longtime residents of Grover Beach, had a similar experience to Daniell’s with support from the cancer care team when Louise was diagnosed with pancreatic cancer.

“The Monday after Thanksgiving, we received a phone call from Louise’s primary care doctor,” said Bill. “She had been having trouble keeping food down, and they told us that it was pancreatic cancer.”

While Bill and Louise were shaken by the diagnosis, they were comforted by the quick action taken by their healthcare team. “A CT scan was ordered for Wednesday. They made arrangements to get her admitted that night, and they set up a double bypass surgery that Saturday.”

Throughout the long hours of doctors’ appointments and treatments, Bill stood by Louise’s side for support. “We are so lucky and blessed to have had the surgical team, the oncology team, and everyone who took care of us at the hospital. We are so blessed to be living in this community.”

One significant resource in place for local cancer patients is the Cancer Support Group. This group, facilitated by Thomas Steffora, Licensed Marriage and Family Therapist and Carol Lowe, Nurse Navigator, meets twice a month at the Coastal Cancer Care Center and offers information and emotional support to cancer patients and their families. Attendees find ways to cope with their loved ones and make short, mid, and long-term goals to clarify exactly what they will need to do to move forward. “I’ve been humbled by the variety and depth of peoples’ experiences,” said Thomas. “There have been so many heartfelt relationships that were formed not from grief or sadness, but a shared ability to lift one another up.” This resource is made possible by donations to the Foundation’s Cancer Care Fund, which also provides local cancer patients with diagnostic screenings, counseling, and financial support for everyday expenses when needed.

“I feel it is vital to have community support to expand our cancer program at Arroyo Grande Community Hospital.”

Arroyo Grande Community Hospital will soon expand its cancer program known as Coastal Cancer Care in the new Matthew Will Memorial Medical Center adjacent to the hospital campus. With a cancer care team including oncologists, a nurse navigator, dietitian, social worker and pharmacist, these services will be offered in a space completely dedicated to cancer treatment, recovery, and education.

“I look forward to having an expanded oncology program in the Five Cities area. Treatment and recovery is a long process, and it’s so important to have family and friends nearby,” said Bill.

Daniell, whose family travels out of the area several times each week to support her as she receives treatment, agrees. She added, “I feel it is vital to have community support to expand our cancer program at Arroyo Grande Community Hospital. It’s so important to have this program so we can help other patients through this horrible time in their lives.”

If you would like to support cancer care services at Arroyo Grande Community Hospital, you can visit [SupportArroyoGrande.org](http://SupportArroyoGrande.org) or call the Foundation at (805) 994-5421.

Anita Wasserman, Kathy Tompkins and Barb Hoelle - sisters

# THE HOELLE TOMPKINS SISTERHOOD SOCIETY

When Arroyo Grande Community Hospital Foundation was established in 2005, a few dedicated individuals made it their mission to build a successful fundraising program for the hospital. Kathy Tompkins was one of these individuals, and has since given countless hours of work and unmatched philanthropic support to ensure the success of this mission.

As a major contributor to the Foundation's success and growth through the years, Kathy has been honored with the naming of the Foundation's new women's annual

giving society. When Kathy was asked to help name the society, she thought of the strong, giving women that have surrounded her throughout her life. She warmly reflected on her feelings about her mother and sisters, the Hoelles, and she thought of her mother's struggle with Parkinson's disease. Through this struggle, Kathy learned first-hand the importance of having access to excellent health care – igniting her passion that has been integral to her support of the hospital. She also learned that having a community of supportive and dedicated individuals is what will ultimately help us through life's challenging times. Kathy's sisters were an outstanding

source of support for her. The bonds of sisterhood have made a great impression in Kathy's life. The inspiration drawn from these relationships and Kathy's commitment naturally led her to endorse naming the society the Hoelle Tompkins Sisterhood Society.

"I hope that through this society, we can come together to create a support network that truly works to build our community and health care system to be the best it can," said Kathy.

Members of the Sisterhood Society will learn about programs, services, and funding needs of the hospital at various social settings throughout the year. At the end of the year, the Sisterhood Society will meet for a celebration where they will vote to select a hospital project that their donations will support. Members will have a collective voice in making our hospital a stronger facility, as well as the opportunity to forge a meaningful connection with physicians and hospital leadership. The Foundation is excited to partner with the Hoelle Tompkins Sisterhood Society in making a difference at Arroyo Grande Community Hospital.

## THE CARROL PRUETT PHILANTHROPIC FRATERNITY

Coming in 2019, look for our men's annual giving society, the Carrol Pruett Philanthropic Fraternity.

For more information about how you can be a part of the inaugural year of this opportunity, please contact the Foundation at (805) 994.5421 or visit [SupportArroyoGrande.org](http://SupportArroyoGrande.org).

# LEAVING A LEGACY

FOR THOSE WITH A PASSION FOR THE FUTURE OF LOCAL HEALTH CARE, LEAVING AN ESTATE GIFT PROVIDES AN OPPORTUNITY TO MAKE A LASTING DIFFERENCE.

Peter and Carol Lee Keith have been active members of the community for decades. Since moving to South San Luis Obispo County in 1972, Peter has worked to develop and strengthen the community and has held several local leadership positions including mayor of Grover Beach. In addition to public offices, he has served as a member of numerous boards of directors for local businesses and nonprofits. This diverse local background has made the Keiths especially familiar with the past, present, and future needs of the community. With this understanding, along with a desire to bolster the community they have called their home for so many years, they have decided to include Arroyo Grande Community Hospital in estate plans.

Peter said, “Carol and I thought about what a truly great hardship not having a local hospital, or suffering an under-performing hospital, would mean. Thus, we concluded that we would like to join the many other local families who have generously contributed, ensuring the hospital’s continued success in providing high-end, professional care – especially for families in need of medical treatment.”

By making an irrevocable estate gift of \$100,000, the Keiths are able to enjoy their current resources with the knowledge that they will make a meaningful difference in the future of health care for our community. “We strongly

believe in our hospital’s current and future success. Fundamentally, we want to join other families in their generous support of our local hospital. We also truly believe a need exists to further expand the hospital’s ability to continue its important role in providing superior health care both now and into the not so distant future,” said Peter.

Just as the community relies on its hospital to provide lifesaving care, Arroyo Grande Community Hospital relies on community support to be able to provide that care. The Keiths’ gift, along with so many others from similarly generous community members, will ensure that Arroyo Grande Community Hospital can continue to provide high quality medical care for years to come.

Peter Keith and AGCH Foundation Board member Dennis Delzeit

Have you included Arroyo Grande Community Hospital Foundation in your estate plan?

If you have included Arroyo Grande Community Hospital Foundation in your estate plans, please be sure to tell the Foundation about your gift! The Foundation wishes to ensure your generous gift is used according to your intended interests, and would also like the opportunity to thank you and celebrate the gift with you. It is wonderful to hear how Arroyo Grande Community Hospital has touched people’s lives and to learn of their hopes for the future. Thank you to all who have included Arroyo Grande Community Hospital in your estate plans.

Do you have questions about leaving an estate gift? There are many opportunities to personalize your gift to meet your needs and the needs of your family. The Foundation offers several naming opportunities and provides options for blended gifts. To learn more, visit [SupportArroyoGrande.org](http://SupportArroyoGrande.org) or contact Shelby McLean at 805.994.5419.

# CHIEF GRATITUDE OFFICER

Betty Stephens - Chief Gratitude Officer

Just as a community relies on its hospital, Arroyo Grande Community Hospital relies on its community. As a nonprofit organization, the hospital depends on philanthropic support from generous community donors to fulfill its goal of providing compassionate, affordable, and the highest quality health care. Each gift to Arroyo Grande Community Hospital Foundation helps to ensure that these ideals are met.

The Foundation is grateful for the overwhelming support it receives from the community and wants to ensure that each donor is properly thanked for their gift. Betty Stephens, the Foundation's Chief Gratitude Officer, goes the extra mile for those who have contributed to the hospital to let them know how much they are appreciated. At her weekly visits to the Foundation office, she makes personal phone calls and sends hand-written letters to donors.

"When people give to the hospital, we thank them for the gift and tell them what it will be used for, the services and things that it supports, and I think they can feel that they have really done something meaningful," said Betty. "I feel very strongly that if you don't thank someone for a gift they've given you, they feel that they're not appreciated – that their gift isn't appreciated."

Many donors are previous patients that received extraordinary care while in the hospital, and the Foundation recognizes that giving is part of the healing process. When a patient feels gratitude after receiving extraordinary care, they feel good when they are able to give back in some way, and the happiness they feel is conducive to healing.

"I feel strongly that if you don't thank someone for a gift they've given you, they feel that they're not appreciated – that their gift isn't appreciated."

Betty has volunteered at the hospital since 2012, and her incredibly warm, friendly disposition made her the perfect candidate for the volunteer position of Chief Gratitude Officer when it was created in 2015. Over the years, she has delighted in the rewarding conversations she has had with caring community members.

"Usually, people are surprised that I am calling to thank them for their gift. I hear nice things like, 'We're happy to help you out.' They tell me that they will be contributing again in some cases. They really appreciate that we are returning the favor to them by saying thank you."

The Foundation hopes that all those who support the hospital know how much they are appreciated and how necessary they are to the hospital's mission of offering the best possible healthcare to the community. That appreciation also extends to its many volunteers who selflessly give their time and efforts to serve patients and visitors.

If you are interested in volunteering at Arroyo Grande Community Hospital, please contact Colleen Twomey, Volunteer Coordinator at 805-994-5462.

# VOLUNTEERS

Volunteers Roger Becker and Shannon Nelson show off the Kindness Cart.

**M**ore than 140 people from all walks of life volunteer thousands of hours each year at AGCH to give back and make a difference. Their concern for others leads them to use their life

experiences, education and skills to support patients, staff and visitors in an exemplary manner.

“Last year our volunteers worked over 14,400 hours,” said AGCH Volunteer Coordinator Colleen Twomey. “We couldn’t run the hospital without them. Their help allows our hospital employees to focus on providing the best care possible of our patients.”

AGCH is always looking for friendly and dependable volunteers who are willing dedicate their time, talents and resources to make a difference in the lives of those we serve. Volunteers can assist in many ways including at the lobby desk, inpatient medical and surgical floors, the Emergency Department, Gift Shop, pet therapy, acute rehabilitation and the new Kindness Cart.

“We couldn’t run the hospital without them.”

The Kindness Cart is filled with puzzle books, coloring pages and colored pencils, jigsaw puzzles, an assortment of books and magazines, readers and ear buds. The cart is taken to the medical, surgical and acute rehabilitation floors daily and patients are offered items to help make their stay a little nicer. Sometimes having something to do while in the hospital can help distract from any pain or anxiety that a patient may be experiencing from being in the hospital. Nurses and other hospital staff have access to this cart as well, so that they can get an item for a patient at any time of day or night.

For high school students between the ages of 14-18, the Volunteer program offers a great way to make a difference in the lives of patients while earning volunteer hours for school. Additionally, teens who volunteer over 100 hours are eligible for college scholarships donated by AGCH.

For more information about becoming a volunteer or Volunteer at AGCH, call Colleen Twomey at (805) 994-5462 or visit [SupportArroyoGrande.org](http://SupportArroyoGrande.org).

Ken Dalebout, Hospital Administrator with 2018 Volunteer scholarship recipients Chyna Robeson, Samantha Peachey, Cameron Oster and Makenna Stever.

# EMPLOYEE GIVING

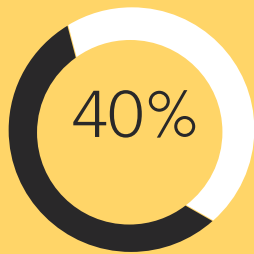

The employees of Arroyo Grande Community Hospital touch the lives of patients every day. They are there to offer support, encouragement, comfort, and quality care to patients and families when they need it most. In addition to the lifesaving care they provide, many employees participate in the Employee Circle of Friends, a giving program that provides an opportunity for employees to support hospital projects and programs for which they feel most passionately.

Since the program began in 2007, employees have given over \$775,000 through the Circle of Friends! In 2018, employees chose to support the Legacy Campaign, the Cancer Care Fund, or the Employee Assistance Fund with their gifts. Employee support of these programs demonstrates their appreciation for their workplace and community, as well as an understanding of the benefits of these projects and the need for continued advancements at the hospital.

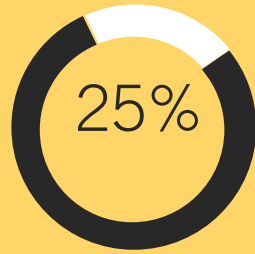

“The main reason that my family gives is that we know it supports a good cause, and that the funds stay in our community,” said Kurt Ramey, Director of Radiology and Employee Outreach Committee Co-Chair. “The Circle of Friends is truly just that – friends of each other, friends of the hospital, and friends of patients and families.”

Last year, employees in the Circle of Friends gave over \$126,000 to support their workplace, each other, and the patients they serve. Currently, 40 percent of the hospital’s employees contribute to the Circle of Friends, and 25 percent are also members of a special group called the Hour of Power – a group whose donations are made by contributing an hour of their pay each pay period. The Circle of Friends continues to grow each year as employees realize the difference they can make together.

Thank you to all employees that contribute to the Circle of Friends – your support is a true demonstration of *Humankindness*.

40% of employees contribute to the Circle of Friends

25% of employees contribute to the Hour of Power

Employees Melinda van Veen-MacLean, Colleen Twomey, Kurt Ramey & Brandy Bartlett

# CELEBRATING THE ACUTE REHABILITATION CENTER

When Tony Bianco had both legs amputated due to a car accident, he needed a great deal of support both physically and emotionally. Following 48 days of hospitalization and a month in a skilled nursing facility, he was admitted to the Acute Rehabilitation Center, where he received the intensive therapy he needed to return to his daily life. His wife Mary said, “Tony was a patient twice at the Acute Rehabilitation Center, and we are very grateful for the care and encouragement that he received both times. They made him work hard and that’s just what he needed to do.”

“I’m very fortunate to be able to support those organizations that have been meaningful in my life.”

Within 24 hours of his second stay at the Acute Rehabilitation Center, Tony was able to trade his wheelchair for a walker – something he and Mary did not dream would be possible. Mary, a composer and altruist dedicated to using her talents and resources to make a difference, was filled with gratitude and wanted to find a way to give back to those who had changed her husband’s life. “I’m very fortunate to be able to support those organizations that have been meaningful in my life. I want to honor people who are

Mary Bianco

doing a wonderful job, doing the things that I cannot do,” said Mary. “The Acute Rehabilitation Center is one of those very special places that can do what others

cannot. It made the very difficult time in my life far less horrendous than it otherwise would have been.”

With her love for music and her desire to give back, she saw an opportunity to make a lasting difference: she offered to fund and help organize an annual community celebration of the Acute Rehabilitation Center. This celebration, the first of which was held in January 2016, is an exciting time for past and present patients, caregivers, and Acute Rehabilitation staff members alike. Patients, their caregivers, and the community are invited at no charge to hear beautiful live music from world-renowned instrumentalists, which have included the Salomé Chamber Trio and the Solera Quartet. The charitable event also serves as a reunion for hospital staff and patients, as well as a venue for hospital leadership to share information about the future of the Acute Rehabilitation Center.

Mary hopes that the event will help raise awareness in the community and inspire others to give as she has. “Joining me in supporting the Arroyo Grande Acute Rehabilitation Center is a testament to your realizing the wonderful work that goes on there,” she said. “I strongly encourage you to participate in helping us to continue this program.”

# A MEANINGFUL CONNECTION BETWEEN STAFF AND PATIENTS

Robert and Sandy Tessitore

Robert and Sandy Tessitore have lived in the community for 50 years, and many local residents remember Robert as their Arroyo Grande High School Band Director. Robert, who wasn't born in a hospital and was never admitted to one in his life, recently had his first hospital experience ever at Arroyo Grande Community Hospital. Although his visit wasn't under the best circumstances, he said, "If I had to choose a hospital to come to for the first time, I'm glad it was this one. It was a great first experience."

Robert was scheduled to remain in the hospital for a quick two-day recovery after a surgery. Unfortunately, an unexpected condition extended his stay for an additional 15 days – not the easy recovery he expected. Although he was not allowed to eat for several consecutive days, he recalls his first time in the hospital as a positive experience due to his many daily interactions with nurses, physicians, housekeepers, and so many others on his care team.

"The one thing I remember most about my time at the hospital is the nurses. There were so many nurses, both male and female, that were just so nice and cooperative and communicated well with me." Robert was appreciative of all those who spent the extra time to get to know him as a person, instead of simply completing their tasks. Some staff members would stop by his room simply to visit and offer encouragement, and he would take daily walks with

nurses around the hospital campus that allowed him to connect with the nurses on a personal level.

Another thing Robert appreciated about the nurses was their collaboration with each other. "They shared their information and knowledge with each other. That was just something they always did – they would help each other. I liked the teaching aspect of it."

During a 24-hour period, the average hospital patient has 46 interactions with different staff members. During his 17-day stay at the hospital, Robert met many of Arroyo Grande Community Hospital's employees. He said about the countless employees he met, "They really live up to the name 'Dignity' because they care about their patients."

While this was Robert's first hospital visit, he and Sandy are thrilled with the positive change that Arroyo Grande Community Hospital continuously makes to provide the best healthcare possible. "There have been a lot of improvements over the years, and I'm excited for what's going to happen soon as well. It's amazing," Robert said, referring to the transformations that will soon take place as a result of the Legacy Campaign.

Sandy, who has had more experience as a hospital patient, has also had a great experience with the staff at Arroyo Grande Community Hospital with each visit. Robert joked, "The couple that goes to the hospital

During a 24-hour period, the average hospital patient has 46 interactions with different staff members.

together stays together.” Robert and Sandy now take every opportunity to recommend Arroyo Grande Community Hospital to their family, friends, and neighbors for its compassionate, high-quality care.

When a patient is going through a painful and difficult time in their life, the hospital staff has the power to positively influence each experience. The Foundation is proud of the many Arroyo Grande Community Hospital employees that go above and beyond to make each patient comfortable, safe, well-informed, and empowered.

*Share your grateful patient stories with us at [supportagch@dignityhealth.org](mailto:supportagch@dignityhealth.org).*

# GUARDIAN ANGEL PROGRAM

## Give thanks for extraordinary care

Arroyo Grande Community Hospital is proud of our many team members who are dedicated to providing compassionate care to our patients. They know *humankindness* is the best medicine and practice it on a daily basis. They are our Guardian Angels.

Has a physician, nurse, staff member, or volunteer touched your life? Have you experienced the power of *humankindness* while at our hospital? The Guardian Angel program provides grateful patients and their loved ones the opportunity to thank caregivers and other team members who made a difference by making a donation to the hospital in their name.

Once a gift is made, your Guardian Angel will receive a card informing them of your thoughtful gift in their honor. In addition, they will receive a Guardian Angel lapel pin for special recognition and will be recognized in our employee newsletter and on our website.

### Your gratitude completes the circle

By making a donation in the name of someone who has made a difference in your care, you will make a difference in the care of future patients. Your generous support will directly enhance patient care at our hospital and help us to further our mission of improving the health and quality of life of our community.

To learn more about our Guardian Angel program, please visit [SupportArroyoGrande.org](http://SupportArroyoGrande.org) or call the Foundation at (805) 994-5421.

# COMEDY NIGHT 2017

Arroyo Grande Community Hospital Foundation and friends celebrated a decade of Comedy Night on March 18th, 2017. Over 350 guests dressed in attire from their favorite decade and gathered at the beautiful Thousand Hills Ranch where they took photos with classic cars, enjoyed food and drinks from 23 local vendors, and were entertained with comedy by Steve Hytner – a well-known comedian most recognized for playing rival comic Kenny Bania on the hit show “Seinfeld.”

Several guests went home with extravagant prize packages from the live auction, including luxury vacations, antique jewelry, hunting trips, sports packages, private wine dinners and barbecues, and art pieces. Many also participated in the first-ever Comedy Night Call to Action, raising \$65,000 to support the purchase of a robotic exoskeleton that will help patients re-learn to walk at the Acute Rehabilitation Center.

The event raised over \$254,000 to benefit the Legacy Campaign, a record-breaking success that would not have been possible without the support of our dedicated volunteers, generous local vendors, sponsors, car show participants, and over 350 guests that made this night the most successful Comedy Night ever.

# GOLF N' GRUB 2017

Arroyo Grande Community Hospital Foundation was joined by 144 golfers, 55 dedicated volunteers, and 30 local vendors at the Monarch Dunes Golf Course for its annual Golf n' Grub tournament on September 11th, 2017. After a special moment of silence to honor the victims of 9/11, golfers teed off and made their way around the course, enjoying tasty treats at every hole. The tournament raised over \$89,000 to support the Legacy Campaign!

The incredible success of this tournament would not have been possible without the sponsors, volunteers, vendors, and golfers who came together to enjoy a day of golfing, eating, and competing all for a great cause.

# O'COMEDY NIGHT 2018: THE SEQUEL

Irish eyes were smiling on us as Arroyo Grande Community Hospital Foundation enjoyed overwhelming community support at its 11th annual Comedy Night fundraiser on March 17th, 2018. Titled "O'Comedy Night: The Sequel," the event was a nod to the Comedy Night held 10 years ago, also on St. Patrick's Day with the same comedian, the hilarious Kivi Rogers.

The event raised over \$325,000 to benefit the Legacy Campaign, shattering the previous record by more than \$75,000. The live auction featured fantastic prize packages including a trip to Ireland, diamond jewelry, 49ers tickets, and private wine dinners and raised \$94,000. The Call to Action this year supported the expansion of cancer care services and was introduced with a heartfelt speech by Chris Will, an overview of the expansion by Dr. Eddie Hayashi and a patient testimonial from Daniell Miller. The Call to Action raised \$127,000.

O'Comedy Night would not have been possible without the support of our generous local vendors, sponsors, volunteers, and over 330 guests.

Drs. Eddie and Howard Hayashi

# THIRD-PARTY FUNDRAISING

**A**rroyo Grande Community Hospital Foundation (AGCH) is grateful to have many friends and supporters who give their time and energy to help raise funds for the hospital programs and services for which they feel passionately. Since July 2016, third-party fundraisers have raised over \$200,000 to support programs and services of Arroyo Grande Community Hospital! Many of these are ongoing or annual efforts, and the Foundation would like to thank and celebrate the individuals involved in these recent successes.

## CELEBRITY CAKE AUCTION

The Hardy Team at Century 21 Hometown Realty hosted the second annual Celebrity Cake Auction on October 28th, 2017 at the Heritage House in the Village of Arroyo Grande. In addition to the lively auction, guests also enjoyed a BBQ dinner, beer and wine. The 2016 and 2017 Celebrity Cake Auctions each raised over \$25,000 to benefit the Legacy Campaign at AGCH.

## CYPRESS RIDGE

### Campaign for Women's Cancer Awareness

Since 2013, the Cypress Ridge community has generously supported the Cancer Care Fund at AGCH Foundation to raise awareness of women's cancer and to support local cancer patients. The 2016 Campaign raised \$3,850 and the 2017 campaign raised \$3,700.

## MONARCH DUNES MEMORIAL BREAST CANCER TOURNAMENT

Started in August of 2013, tournament fundraises for the AGCH Cancer Care Fund by giving businesses and individuals the opportunity to have a memorial sign placed on the course in memory of a friend or loved one. The 2016 and 2017 tournaments each raised over \$28,000.

## CYPRESS RIDGE WOMEN'S GOLF CLUB

### Annual Rally

The annual golf tournament was held on Thursday October 5th, 2017. This was the 15th year the women have held a golf tournament in October. The tournament raised \$16,772.00 to benefit the infusion center planned for the Matthew Will Memorial Medical Center.

## BOWS UP FOR HOPE

Hosted by the Trilogy Community at Monarch Dunes, community members can purchase pink bows and tie them around mailboxes, trees, front porches or other locations to turn the community pink and highlight Breast Cancer Awareness month in October. The 2016 and 2017 campaigns each year raised over \$12,000 for the AGCH Cancer Care Fund.

## GROSSI GOLF TOURNAMENT

The Grossi Golf Tournament has supported women's cancer services at AGCH Foundation for several years, which is decided by a majority vote among Cypress Ridge Residents' Golf Club members. This year's tournament raised \$6,000 in support of expanded cancer services as part of AGCH Foundation's Legacy Campaign.

## HOSPITAL FACTS

Beds **67**

Employees **425**

In **2017**

**2,852** admissions

**227,456** ER visits

**\$1,921,512**

Total funds raised in  
fiscal year 2017

**4,284**

Donors since 2006

### WHAT DOES IT MEAN TO BE NONPROFIT?

While for-profit organizations distribute surplus revenues to shareholders or owners, nonprofit organizations invest these earnings back into their organizations to further achieve their purpose or goal. As a nonprofit hospital, Arroyo Grande Community Hospital reinvests profits back into the hospital and in the community. This way, the money raised in our community stays in our community.

**100%**

of the donations  
raised by Arroyo  
Grande Community  
Hospital

Foundation stay local and go directly  
to support the needs of the hospital.  
Donor funds are not used to pay any  
administrative costs.

## THE CYCLE OF SUPPORT

### THE HOSPITAL

board and staff identify fundraising  
priorities based on patient experience,  
research, clinicians, and overall care.

### THE COMMUNITY

benefits from better health care services, and  
gives back to the Foundation to ensure that others  
and future generations receive the same quality  
compassionate care.

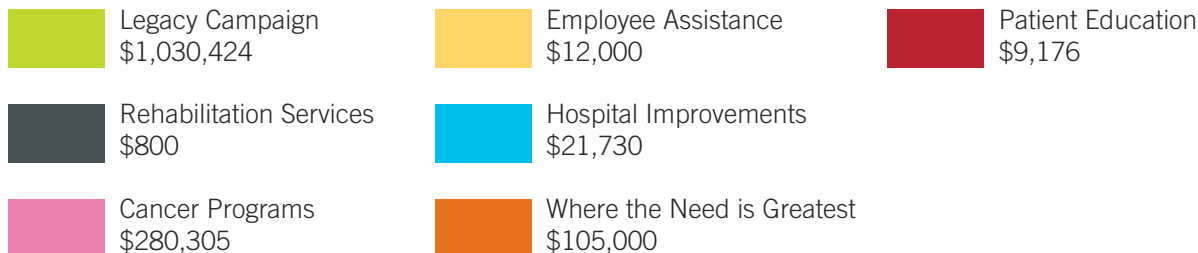

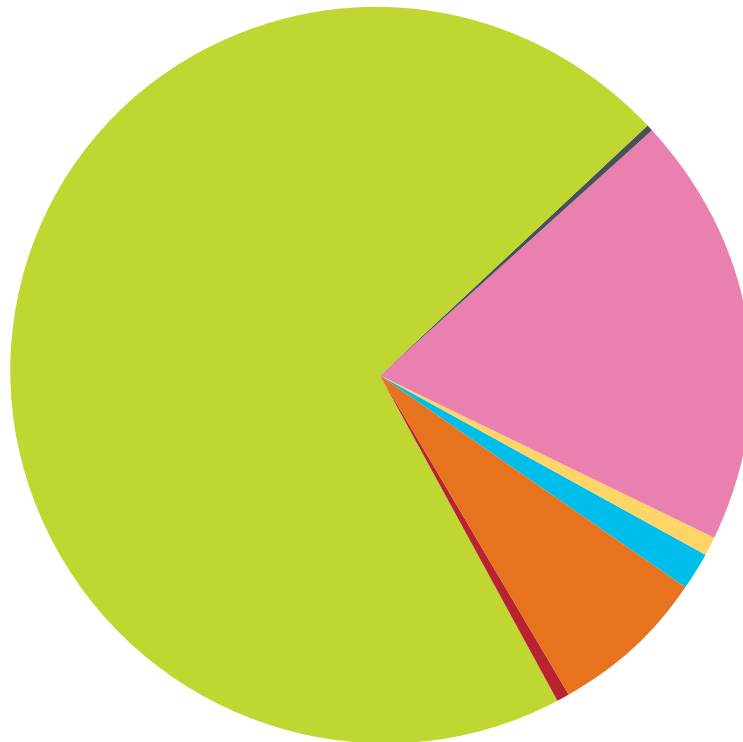

### THE FOUNDATION

helps the community realize their own  
philanthropic goals by matching them with  
hospital fundraising priorities.

# FINANCIAL HIGHLIGHTS

In 2016 and 2017, the Foundation made the following grants to AGCH for programs, services and capital needs.

Since 2006, gifts to Arroyo Grande Community Hospital Foundation have funded the following programs, services and capital needs:

## Hospital Improvements

*Operating Room Technology  
Patient Room Remodel  
Patient Satisfaction Program*

## Legacy Campaign

*Emergency Department Expansion  
Advanced Imaging Technology  
Enhanced Acute Rehabilitation Center  
Expanded Cancer Care Services*

## Patient Education

*Osteoporosis Program  
Congestive Heart Failure Program*

## Cancer Programs

*Diagnostic screenings  
Support for local cancer patients*

## Technology

*CT Scanner*

## Where the Need is Greatest

*Community Services  
Palliative Care*

## Employee Assistance Fund

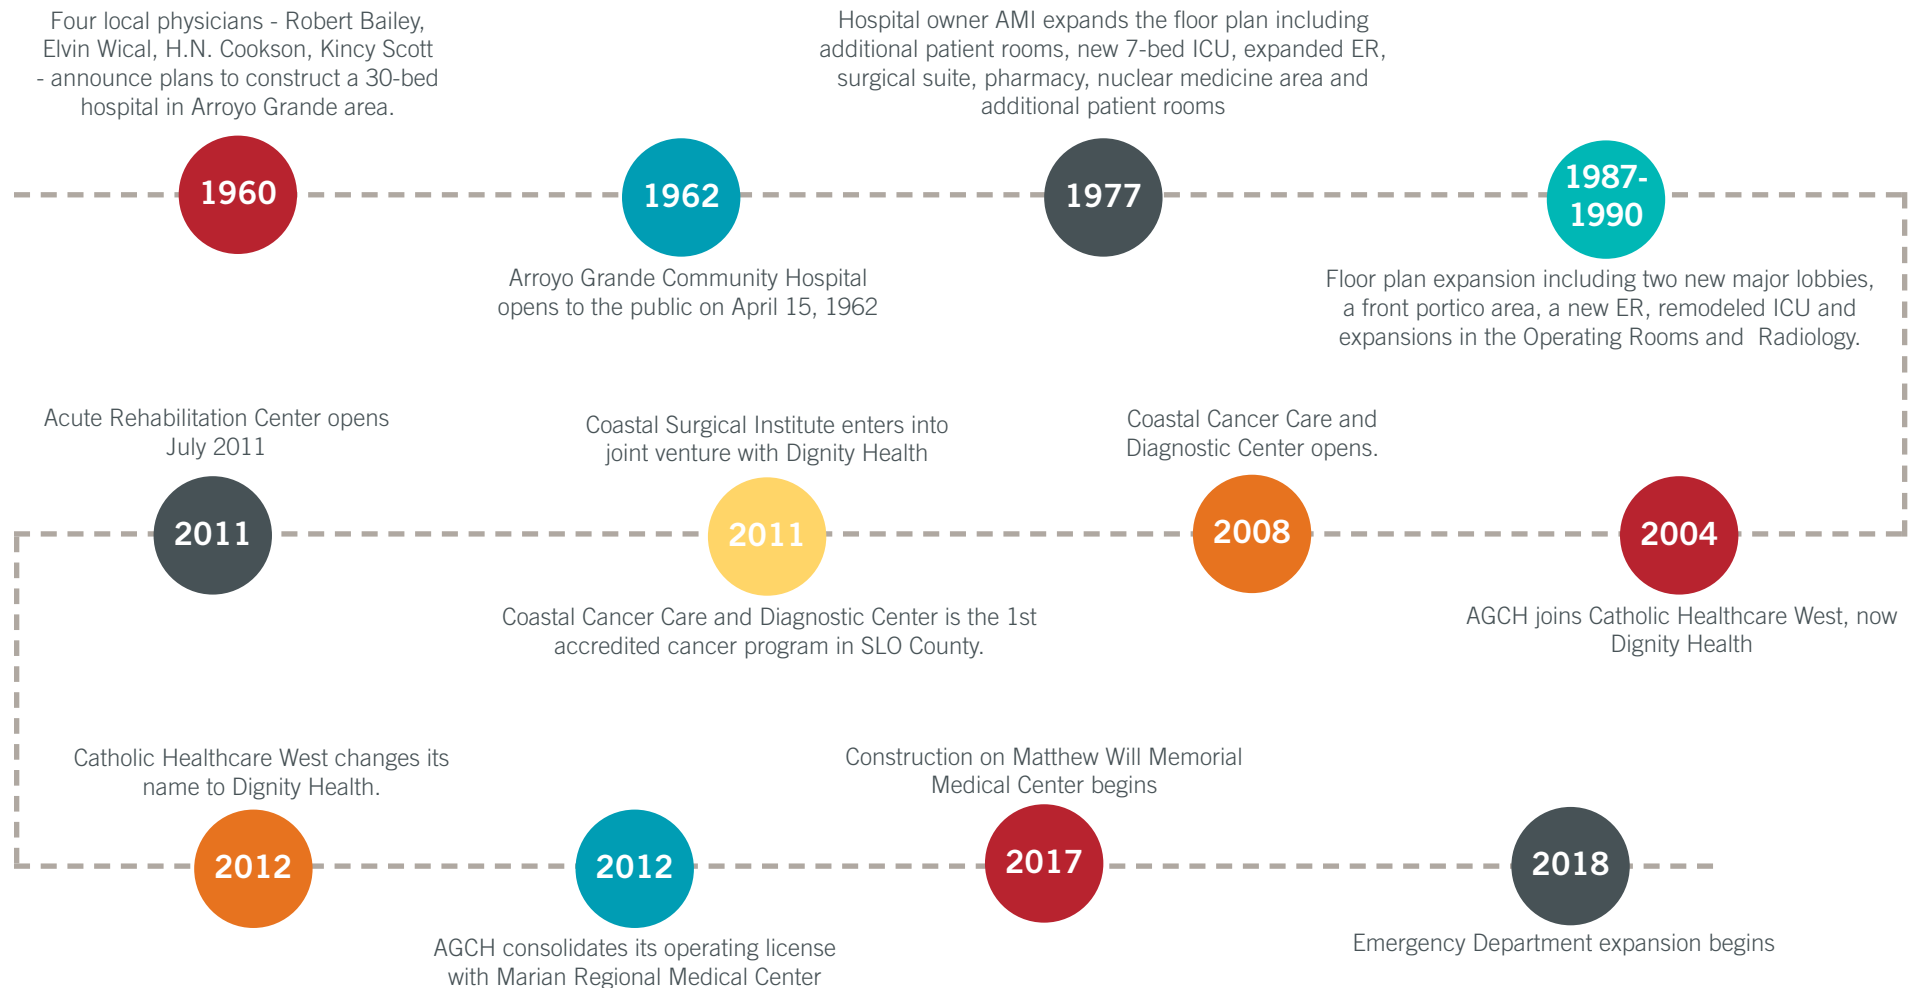

*Financial assistance for employees & volunteers experiencing a crisis situation*

## Rehabilitation Services

*Programs and services*

**Arroyo Grande  
Community Hospital Foundation.**

A Dignity Health Member

345 South Halcyon Road  
Arroyo Grande, CA 93420

## MISSION

The Foundation is committed to supporting the charitable and community health care mission of Arroyo Grande Community Hospital through fundraising and relationship building. The Foundation solicits philanthropic gifts, provides stewardship of these gifts, and grants funds to the hospital to advance the community's access to health care.

## VISION

We aspire to contribute to a community where all people have access to high quality health care through our support of Arroyo Grande Community Hospital.

## VALUES

DIGNITY

COLLABORATION

JUSTICE

STEWARDSHIP
