

# Growing through Giving

2021-2022 Annual Impact Report

## Our Mission

The Foundation is committed to supporting the charitable and community health care mission of Arroyo Grande Community Hospital through fundraising and relationship building. The Foundation solicits philanthropic gifts, provides stewardship of these gifts, and grants funds to advance the community's access to health care.

## Our Vision

We aspire to contribute to a community where all people have access to high quality health care through our support of Arroyo Grande Community Hospital.

## Our Values

### Compassion

Care with listening, empathy and love.  
Accompany and comfort those in need of healing.

### Inclusion

Celebrate each person's gifts and voice.  
Respect the dignity of all.

### Integrity

Inspire trust through honesty.  
Demonstrate courage in the face of inequity.

### Excellence

Serve with fullest passion, creativity and stewardship.  
Exceed expectations of others and ourselves.

### Collaboration

Commit to the power of working together.  
Build and nurture meaningful relationships.

# A message from our leadership

Rob Railsback and Sandi Dewar  
Foundation Board Vice Chair and  
Chair

Our year was marked by gathering again at events like Golf n' Grub and Comedy Night, and we feel renewed and grateful. We are so happy for the opportunity to come together with our friends and supporters.

In the following pages, you will learn how the enduring support of our community has enhanced our programs and services and touched lives. You will also see how your commitment to our mission shapes our future.

When you support our nonprofit hospital, you are investing in the health of our community. You've been there for us, and we're here for you.

In gratitude,

*Sandi Dewar*

Sandi Dewar  
Foundation Board Chair

## Foundation Board Executive Committee

Dennis Delzeit - Treasurer, Kevin Wilkinson - Secretary, Rob Railsback - Vice Chair, Sandi Dewar - Chair

# Foundation Board Fiscal Year 2021-2022

Arroyo Grande Community Hospital Foundation supports the charitable and community health care mission of Arroyo Grande Community Hospital through fundraising and relationship building. The Foundation solicits philanthropic gifts, provides stewardship of these gifts, and grants funds to the hospital to advance the health of the community. Members of the Arroyo Grande Community Hospital Foundation Board of Directors oversee these activities by being ambassadors for the Foundation, serving on Foundation committees, and providing invaluable insight and expertise. The Foundation extends sincere gratitude to its board members as they dedicate their time and resources to fulfill the mission of the Foundation.

# Progress in Surgical Services

Arroyo Grande Community Hospital Foundation is amid its Surgical Services Campaign with a vision of a fully modernized surgical program at Arroyo Grande Community Hospital (AGCH). The Foundation is on its way to fulfilling this vision due to generous community support, having raised over \$1,000,000 of its \$1.5 M goal.

Our world-class surgical team at Arroyo Grande Community Hospital carries out critical procedures every single day. Your support is needed to build up the infrastructure around these surgeons and nurses to match the lifesaving work they do. This includes equipping them with the very latest technology, increasing functionality and safety, improving the surgical suite environment, and providing continuing educational opportunities.

The surgical team at AGCH our surgical team is grateful to be using upgraded surgical power tools as part of the modernization project. They are deeply grateful for the community members who have come together to make this possible. With less than \$500,000 left to raise, there are still remaining needs that have yet to be funded.

If you would like to contribute to a fully modernized surgical program at Arroyo Grande Community Hospital, you can make a gift at [SupportArroyoGrande.org](http://SupportArroyoGrande.org) or call (805) 994-5421.

The surgical team at AGCH

## Surgical Services

### Advanced Technology

Equipping the staff with advanced technology will help them provide the best possible care for patients. This includes endoscopes, surgical and laparoscopic towers, a mini C-arm, Bovie electrosurgical tools, orthopedic specialty equipment, and urology equipment.

### Functionality and Safety

Increasing functionality of the surgical suite will boost efficiency and safety. This includes improved sterilization technology and processes, dedicated space for pre-operative screening, and reconfigured storage.

### Environment

New flooring, ceiling art, tables and lighting will modernize the surgical suite environment for a better staff and patient experience.

### New Programs

Surgical suite improvements will make it possible to implement new programs. Increased space for post-surgical recovery and rehabilitation will allow same-day discharge for orthopedic procedures including joint replacements, ultimately increasing patient capacity. The surgical team will also implement a program for emergent urology and GI procedures.

### Education

Continuous educational opportunities will keep staff informed with latest in surgical practices.

# Navigating every step of the way

Oncology Nurse Navigator Lindsay Hughes

From the first blow of receiving a cancer diagnosis throughout the difficult battle of treatment and recovery, the cancer journey is overwhelming. As cancer patients face a complicated and life-altering disease, the weight of excess stress can diminish their health and impede recovery. In order to relieve some of the burden for local cancer patients, Oncology Nurse Navigator Lindsey Hughes, BSN, OCN, PHN is with them every step of the way to facilitate individualized care at Mission Hope Cancer Center, Arroyo Grande.

Lindsey is a compassionate and experienced nurse who meets with patients at the time of diagnosis and continues to guide them throughout their cancer journey. She provides communication and education, connects patients with healing resources, and even helps schedule appointments. This not only ensures each patient has timely and easy access to the care they need; it makes them feel that they're not alone. Lindsey said, "A lot of times we're meeting people on the worst day of their lives, but with their health care team and nurse navigator, they have the support they need to navigate the health care system as well as the treatment and healing process. We provide companionship, and we're able to connect them with resources that benefit them in all areas of their lives."

After being with the Mission Hope Cancer Center team for the past nine years in both Santa Maria and Arroyo Grande, Lindsey has a deep connection with the cancer patients and survivors in the community. During a recent trip to the grocery store, she was thrilled to run into a cancer survivor whose rigorous treatments had made it unlikely to have children, but there she was with her healthy three-year-old son. Lindsey said, "The patients we've cared for or their family members will often come back after several years to tell us what a difference the team has made in their cancer journey. It's a lifelong thing."

The Oncology Nurse Navigator at Mission Hope, Arroyo Grande is a service provided through the Cancer Care Fund, which relies on the generosity of the community for support. One hundred percent of every gift directly benefits patients at Mission Hope, Arroyo Grande. If you would like to help support this program, you can make a gift at [SupportArroyoGrande.org](http://SupportArroyoGrande.org) or call 805.994.5421.

# The history of cancer care at Arroyo Grande Community Hospital

2008

Coastal Diagnostic Imaging Center opens next to Coastal Surgical Institute at Oak Park, a convenient location for patients to move between imaging and surgery.

2009

ACOS Commission on Cancer awards AGCH's Community Cancer program with 7 commendations and an Outstanding Achievement Award, making it the first accredited cancer program in San Luis Obispo County.

2016

Coastal Diagnostic Imaging Center begins using the first generation 3D Mammography machine, GE SenoClair.

2019

Mission Hope Cancer Center, Arroyo Grande opens in the Matthew Will Memorial Medical Center offering cancer treatment and wellness programs.

2022

The Foundation is amid a \$650,000 campaign to bring advanced tomosynthesis (3D) mammography technology to Coastal Diagnostic Imaging Center.

Coastal Diagnostic Imaging Center

Matthew Will Memorial Medical Center, home of Mission Hope Cancer Center, Arroyo Grande

Keith Ayrons, MD

K. April Kennedy, MD

## Mission Hope Cancer Center, Arroyo Grande

Mission Hope Arroyo Grande's expert medical team consists of a diverse group of highly-skilled, compassionate doctors and clinicians who work together to deliver personalized treatment plans tailored to meet each patient's needs. Dr. Keith Ayrons and Dr. April Kennedy are both board certified in Medical Oncology, Hematology and Internal Medicine.

Dr. Ayrons is focused on patient treatment and has a strong research background that enables him to follow the latest developments. In addition to caring for patients, Dr. Kennedy has worked as a clinical research director and principal investigator on multiple trials. They both share a passion for Oncology and taking care of patients on the Central Coast.

## Advanced mammography and biopsy technology

Early detection is key in the fight against cancer, and regular mammography screenings are recommended for a large portion of the population. Thankfully, recent advancements in technology have made it possible for mammograms to be completed in a fraction of the time with enhanced ability for early detection of abnormalities and greater comfort during the exam. The unease many women feel at their mammography appointments will now be alleviated with comfort and peace of mind.

With community support, the new Hologic 3Dimensions Mammography and Biopsy technology will soon be housed at the Coastal Diagnostic and Imaging Center (CDIC), where patients can easily move between the CDIC and the Coastal Surgical Institute next door.

With the new technology, compression time will be reduced to 5-10 seconds from the typical 30-40 seconds, and the high definition system generates four times the amount of data than CDIC's current 3D mammography machine. Greater breast tissue definition allows for earlier and more accurate detection of abnormalities, which will increase survival rates for women in our community.

The higher definition will also make it easier to accurately identify if a mass is cancerous or not, reducing the number of unnecessary biopsies. When 3D biopsies are performed with the new technology, the specimen analyzer determines if the sample has captured the correct tissue, decreasing , almost in real time, repeat biopsies for patients and minimizing trauma to the breast tissue.

Arroyo Grande Community Hospital Foundation has a fundraising goal of \$650,000 to help bring this technology to CDIC, making early detection of breast cancer more achievable than ever for local women.

For more information about how we are raising funds for Advanced Mammography Technology, please visit [SupportArroyoGrande.org](https://SupportArroyoGrande.org)

# Expanding rehabilitation services

Rendering of the new inpatient rehabilitation hospital at Arroyo Grande Community Hospital.

## Acute Rehabilitation Center

The Acute Rehabilitation Center at Arroyo Grande Community Hospital (AGCH) is the only one of its kind between Salinas and Santa Barbara, and is often filled to capacity. AGCH and Kindred Rehabilitation Services (KRS), which has managed the Acute Rehabilitation Center since 2011, announced a joint venture to build and manage a new two-story, 46,000-square-foot inpatient rehabilitation hospital on the Arroyo Grande Community Hospital campus. The facility will be located adjacent to the current rehabilitation center, and will double the amount of beds from 20 to 40 with all-private patient rooms.

The rehabilitation hospital will focus on inpatient rehabilitation for patients who suffer from stroke, traumatic brain injury, spinal cord injury, complex neurological disorders, orthopedic conditions, multiple trauma, amputation, and other injuries or disorders. The state-of-the-art facility will also feature the most advanced multidisciplinary therapy gymnasiums outfitted with the latest therapeutic technologies, including augmented reality balance training, and therapy bionics. Additionally, it will include a therapeutic courtyard with exterior amenities to support patient care and help patients return to daily living activities.

“The current Acute Rehabilitation Center is a great asset for our community, and we know expanding our facility would allow the opportunity to care for a greater number of patients, said Sue Andersen, President & CEO. “This new hospital will double the size of the unit and advance treatment options and technology for our patients. We are excited about the expanded partnership with KRS to increase and improve our inpatient rehabilitation services.”

The project is expected to break ground in the fall of 2023, with a projected completion of the facility in the spring of 2025. The hospital is looking forward to serving even more of the community in this new facility.

# Rehabilitative technology

The Acute Rehabilitation Center (ARU) provides a hospital-based, comprehensive and robust program for patients recovering from serious illnesses or injuries such as stroke, brain injury, amputation, and spinal cord injury. To treat these conditions, the ARU has implemented activity-based therapy focused on individual areas of recovery, incorporating technology as space and function allow.

Donations to the Muscular Skeletal Therapy Fund recently made it possible for the ARU to purchase an Andago gait trainer to safely support patients as they re-learn to walk, and an ArmeoSpring arm and hand trainer to help patients regain motor function in their hands.

Dr. Karl Sandin, MD, MPH, Medical Director of the Acute Rehab Unit said, “The equipment that we have like the Andago allows more repetition than a therapist could do with standard approaches. It’s a good treatment for helping people eventually outgrow the device, and go on to a cane or a walker that they can use in the community. More repetition, more safety, better outcomes.”

The portability and versatility of these devices have made them ideal for patients at the ARU. The Andago does not have size constraints, and does not require the therapist

to hold or push the patient, increasing safety for all involved. The ArmeoSpring is interactive with technology, can support the patient’s arm weight, and helps achieve specific therapy goals.

The Foundation expresses its gratitude to all who have donated to the Muscular Skeletal Therapy Fund to make this technology possible at the ARU, the only facility of its kind between Salinas and Santa Barbara.

# How our giving societies made a difference in 2021

## Giving Societies

The giving societies gather several times each year to hear presentations from hospital and clinical leadership. At the end of the year, the members vote to select a project to receive 100% of their collective annual \$1,000 membership gifts, which is announced at a year-end celebration event. The giving societies recently changed their schedule to align with the Foundation's fiscal year, from July through June. To learn how you can join our giving societies and have a voice in the programs and services at our hospital, visit [SupportArroyoGrande.org/Giving-Societies](https://SupportArroyoGrande.org/Giving-Societies) or call (805) 994-5419.

## Behavioral Health

The Hoelle Tompkins Sisterhood Society voted for their 2021 membership gifts totaling \$55,000 to support the on-site Mental Health Evaluation Team (MHET) worker in the Emergency Department.

Resources for those suffering behavioral health conditions are insufficient on both a national and local level. This forces many behavioral health patients in crisis to seek care in the Emergency Department, where they must be evaluated by a Mental Health Evaluation Team (MHET) worker before being released or transferred to an appropriate facility. Having an on-site MHET worker is incredibly beneficial in providing immediate mental health evaluations, enabling behavioral health patients to receive the most appropriate care in an efficient manner and facilitating the rapid transfer of patients to the appropriate care setting.

Learn more at [SupportArroyoGrande.org/Behavioral-Health-Services](https://SupportArroyoGrande.org/Behavioral-Health-Services)

## Dysphasia Evaluation technology

The Carrol Pruett Philanthropic Fraternity voted for their 2021 membership gifts totaling \$38,000 to benefit Dysphasia Evaluation technology for patients in the Acute Rehabilitation Center.

Dysphagia is difficulty or discomfort in swallowing, as a symptom of a disease such as stroke, and can cause serious complications like aspiration pneumonia. The Fraternity's gift provided a Fiberoptic Endoscopic Evaluation of Swallowing (FEES) scope that goes down the throat to provide in-depth visualization, as well as Synchrony, a biofeedback machine used during therapy to show the patient's progress. Both work together to not only assess the situation and maintain patient safety, but progress and expedite recovery.

Learn more about the Acute Rehabilitation Center at [SupportArroyoGrande.org/Acute-Rehabilitation-Center](https://SupportArroyoGrande.org/Acute-Rehabilitation-Center)

# Cancer Rehabilitation Program

Ellen Beck works with John Malinowski, ACSM-CET, to gain strength after cancer treatment.

As a local cancer survivor, Ellen Beck knows firsthand the importance of the programs and services offered to patients at Mission Hope Cancer Center, Arroyo Grande. She has been an enthusiastic participant in the Cancer Rehabilitation Program and has reaped the benefits of regaining her strength after the diminishing side effects of treatment.

Ellen's recovery journey began before the program was available in Arroyo Grande, and before it was put on hold in Santa Maria due to the pandemic. She now participates in the program at the Cancer Rehabilitation Center at Mission Hope, Arroyo Grande. She said, "Being able to attend in Arroyo Grande is great since it's so close to my home. The center is beautiful and wonderfully equipped and offers many classes. The consistent exercise has helped with both my physical and mental health."

The Cancer Rehabilitation Program provides a comfortable, safe place for patients to regain strength

under the guidance of a certified trainer. Ellen said, "It is incredibly worthwhile for cancer patients to have the option to attend a personalized program taught by an individual knowledgeable about the side-effects experienced from the disease and its treatment. This program helps people to regain their strength and confidence. [Trainer] John is incredibly patient and knowledgeable. He always has tips for stretching and exercising correctly."

Ellen recently made a gift to support the Cancer Rehabilitation Program to help continue to benefit others. "I am very happy to support this program. It is a very worthwhile cause and benefits many recovering patients," she said.

If you would like to help support the Cancer Rehabilitation Program for local cancer patients and survivors, please visit [SupportArroyoGrande.org](https://SupportArroyoGrande.org) or call (805) 994-5421.

For more stories of how you and fellow donors are caring for our community, please visit our website.

“People who have donated hold a special place in my heart.”

—Jewelz Frederick,  
Surgical Technologist

## Employee giving

Annual support from Arroyo Grande Community Hospital (AGCH) employees has enabled facility and technology upgrades, crisis relief and educational opportunities for employees, and programs that make a world of difference for patients. Since 2007, employees have given over \$860,000 to support and strengthen their workplace and fellow employees.

Surgical Technologist, Jewelz Frederick, said, “People who have donated hold a special place in my heart. Not only are they giving back to the community, they are making the work environment that much better! I give because I, too, want to make a difference. I know that every little bit counts and I want to be a part of all of the amazing changes that are happening. It warms my heart when I hear people speak highly of our hospital. I am proud to work here and excited for what is yet to come!”

Through employee giving, employees are empowered to contribute to their nonprofit hospital’s vision of delivering the highest quality, compassionate, affordable care. The Foundation thanks all employees who demonstrate their commitment to the future of AGCH and the wellbeing of the community.

## Thank you from a staff member

Jennifir Bautista, Operating Room Business manager knows first-hand how community support can help improve our hospital. In 2020, Carrol Pruett Philanthropic Fraternity members voted to use their gifts totaling \$47,000 to fund Operating Room power equipment.

Jennifir said, “I am so grateful for the time that they dedicate and the interest that they take in our small community hospital. Besides the comradery amongst themselves, they give back in amazing ways. I speak about the group and their wonderful work as much as I can and am forever grateful for their contributions!”

# Events

During the past year, friends and supporters were finally able to safely gather at events in support of the hospital's vital programs and services.

## Golf n' Grub

Golf n' Grub 2021 raised a record-breaking \$93,000 to benefit the Surgical Services Campaign. Golfers enjoyed endless food and drinks spread throughout Cypress Ridge Golf Course on a warm, sunny day. We are grateful to the many sponsors, volunteers, vendors and golfers that made this special day possible.

# How funds are raised

Arroyo Grande Community Hospital Foundation relies on the generosity of our community to help support our efforts of providing quality health care for local programs and services.

Arroyo Grande Community Hospital Foundation invites gifts, bequests, and endowments from individuals and organizations. In times of joy, giving provides a way to share good times; in times of sorrow, giving makes a positive statement of hope. Gift support provides a lasting and useful testament of admiration, friendship, and love.

## What does it mean to be not-for-profit?

While for-profit organizations distribute surplus revenues to shareholders or owners, nonprofit organizations invest these earnings back into their organizations to further achieve their purpose or goal. As a nonprofit hospital, Arroyo Grande Community Hospital reinvests profits back into the hospital and in the community. This way, the money raised in our community stays in our community.

## 100% of your donations benefits the cause.

100% of the donations raised by Arroyo Grande Community Hospital Foundation stay local and go directly to support the needs of the hospital. Donor funds are not used to pay any administrative costs.

# Friends of the Foundation

Arroyo Grande Community Hospital Foundation is pleased to recognize and celebrate the many friends that supported the programs, services, and capital needs of the hospital from July 2021 through June 2022.
