## Women's Annual Giving Club

### Membership commitment:

- Members will make a \$1,000 gift each year and attend social meetings. Payments can be spread over the course of the year.

Hospital leadership will identify up to four priority projects that will be presented to the group in a social setting throughout the year. Members will vote to select a hospital project they would like their donations to fund and 100% of donations will support the winning project.

### Main Events:

- Two social mixers
- Presentations from doctors and hospital representatives to advocate their program for funding
- Annual celebration and selection of project for funding

### Membership benefits:

- Members will have a voice in making our hospital a stronger facility.
- Meetings will help forge a meaningful connection between physicians, administrators, and members.
- Members will be part of an enjoyable and important social club that supports a good cause.
- Creates engagement and unity in members by addressing the community's needs through the hospital.

## The Story

When the Arroyo Grande Community Hospital Foundation was established in 2005, a few dedicated individuals made it their mission to build a successful fundraising program for the hospital. Kathy Tompkins was one of these individuals, and has since given countless hours of work and a great deal of philanthropic support to see this mission through. The Foundation has decided to honor Kathy with its women's annual giving society.

Kathy's life has been filled with strong, giving women. From her sisters to her mother to her friends to her daughters, Kathy has always believed in the power of sisterhood and what we can all achieve when we work together. When Kathy's mom was suffering with Parkinson's, Kathy learned first hand about the importance of having access to good health care. But she realized that healthcare alone wasn't enough to support her mom through this time. She learned that having a community of supportive and dedicated individuals is what ultimately will help us all get through life's challenging times. Kathy's sisters, the Hoelles, were the ultimate support. Because of this, Kathy has named the society the Hoelle Tompkins Sisterhood Society. She hopes that through this society, we can come together to create a support network that truly works to build our community and healthcare system to be the best it can.
